Enjugan

The great effect

With spoon

I found such a constipation drug

1. Laxative that does not much stimulate stomach.
2. Smooth defecation.
3. You can control dose by yourself.
4. Natural defecation.
5. Improving rough skin.
6. It's available for anyone from 3 years old to elderly.
7. It's small pills so easy to take.

Let's put out waste products with a smooth defecation every day.

Constipation is caused by intestinal dysfunction

We support your happy healthy life.

Flaccid constipation

A condition where stools accumulate because they cannot be sent to the destination.

Convulsive constipation

A condition in which movement of the large intestine becomes too sensitive to be sent ahead.

Rectal constipation

A condition where stool remains in the rectum.
